

COLLEGE OF ARTS AND SCIENCES ACADEMIC ASSEMBLY CONSTITUTION

I. Purpose

- A. In its framework of governance, the University intends that each constituent group within the University community will have primary responsibility for those matters within its professional sphere, including issues most closely affecting the group's endeavors, while sharing joint responsibility with other constituent groups for concerns relating to the institution as a whole. The primary responsibility and authority for academic policy matters rests with the faculty.
- B. Recognizing the interdependence of the constituent members of the University community (Board of Trustees, administration, faculty, staff and students), the faculty of the College of Arts and Sciences accepts primary responsibility for college policy and decision-making in the following areas: curriculum, subject matter and methods of instruction, research, faculty welfare, aspects of student life which relate directly to the educational process, and the granting of degrees. The Arts and Sciences faculty further accepts co-responsibility for policy making in the areas of planning (including budgetary planning), utilization of physical facilities, selection of primary administrative and academic officers, and the determination of faculty status. The structure and form of this assembly provide for participation of all Arts and Sciences faculty in the development of policies affecting them and the College.
- C. For the sake of expediency and effectiveness, some of the business of the Assembly is delegated to the deliberations of standing committees and councils, such as the Academic Council, which function in smaller working units and on more frequent meeting schedules.

All meetings are conducted in accordance with accepted parliamentary procedure. Robert's Rules of Order Revised is the final authority except where it may contradict any provision of this document.

Members of the Arts and Sciences Academic Assembly may request a review of the application of its delegated authority by the Academic Council concerning any matter. The signatures of five percent of the voting members of this Assembly on a request for review are sufficient to mandate that the Coordinating Committee of the CAS Academic Assembly place the review on the agenda of the next scheduled meeting of the Academic Assembly of the College.

These aspects include, but are not limited to, administering the core curriculum, and reviewing college wide projects and programs.

All meetings are conducted in accordance with accepted parliamentary procedure. A quorum consists of fifty percent of the voting membership. In order to pass, motions require an affirmative vote of two-third's of the members. Robert's Rules of Order Revised is the final authority except where it may contradict any provision of this document.

The composition of the Planning Council is as follows:
