

# Future Mathematics & Science Teacher Academy

## Xavier University of Louisiana

### Division of Education

#### ABOUT FMSTA

The **F**uture **M**athematics and **S**cience **T**eacher **A**cademy (FMSTA) is designed to engage and excite rising 9<sup>th</sup> and 10<sup>th</sup> graders who are interested in mathematics and science. Focused on the world of teaching this unique two-week summer program aims to explore the wonders of teaching as a college major and career.

**Students will gain the opportunity to:**

- Learn scientific measurements techniques used on the fields of environmental sciences
- Engage in hands-on experiences through various laboratory experiments
- Gain a better understanding of advance concepts in the STEM field

#### Program Information

July 10 – 21<sup>st</sup>, 2017 Monday – Friday from 8:30am – 12pm on the campus of Xavier University

#### Eligibility

Eligibility criteria for the program include, but are not limited, to the following:
